

Whitewater Zip Line: A Popular Attraction

Come celebrate our first year anniversary this summer with Whitewater Zip Line Adventure! We had thousands of people try our zip line in 2013 and we look forward to return guests and new "zipper" in 2014.

Riders travel over 3,000 feet crossing Astrolabe Lake twice. The last zip is more than a quarter mile long!

As part of the adventure, you will pass within 20 feet of the lake surface. And, the entire 3,100 foot circuit is offered at \$25, considerably less than you might expect to pay.

Zip Line courses have enjoyed a tremendous growth in North America over the past 10 years, and at last we have a great one in

the heart of the beautiful Ottawa Valley. We cross the lake twice between hilltops bordering Astrolabe Lake, in full view of our beach guests and most of our villas and campers.

Our zip line price of only \$25 for a complete course circuit also includes park admission to Logos Land's sandy beach, playgrounds,

animal farm and extensive trail network, a value of \$7.25. Overnight guests pay only \$22 and groups pay as little as \$16. per person. Those who choose to take the circuit more than once on the same day enjoy great savings on what is already fantastic value. Ours is a dual course with parallel zip lines so

you can ride beside a friend or family member!

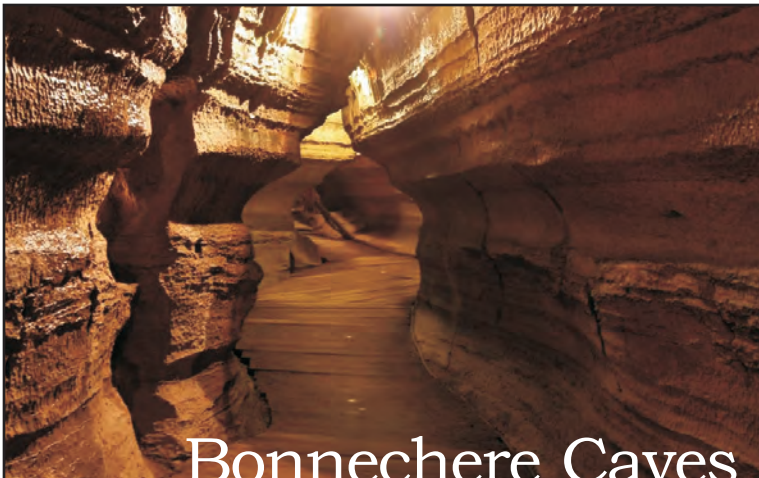

Logos Land is also offering "combo deals" where visitors pay only \$40 for a complete zip line circuit plus a water park pass for the whole day. The pass entitles visitors to giant water slides, a huge splash pad, mini golf, paddle boats, giant water trampolines and much more.

You can do it all at

Logos Land so stay with us a while. We hope you will!

For More Information:

Logos Land Resort
15906 Highway 17,
Cobden, Ontario
Phone: 613-646-9765
