

Antiques, Treasures & Treats: More Than Antiques

Travel a few blocks west of downtown Arnprior and visit the town's best kept secret: Antiques, Treasures & Treats.

From the moment you walk through the front door, you will see that we are not your typical antique shop. Our new 800 square-foot addition offers even more treasures for both the antique and giftware shopper. When customers visit our store for the first time, the most common remark is, "I didn't know you had all this stuff!" Once people find us, they always say they will be back.

A Peek Inside

Our passion for charming pieces that evoke a country feel is reflected in every corner of our shop. We specialize in collectibles you would have seen

at Grandma and Grandpa's house. Our ever-changing giftware lines offer garden items in spring, old-fashioned pumpkin decorations in Fall, and decorations for every holiday season. In addition to antiques and giftware, we carry a full selection of cigars, pipe tobacco and accessories.

Special Services

The business also provides furniture restoration services. Only old-fashioned, hand-done techniques are used to make our customer's pieces beautiful again. However, the artistic influence goes beyond our antiques. Artfully prepared gift baskets are

made on sight and can be purchased off-the-shelf or custom-made. We offer a selection of gourmet products as well as chocolate produced by five Canadian chocolatiers and a variety of flavoured Ontario peanuts. The love of colour and the "perfect vignette" are apparent in how everything is displayed together.

Holiday Shopping

Once the fall leaves start to fly, the store is converted into a winter wonderland with holiday ornaments, decorations, and stocking stuffers, and our lines of gourmet and chocolate are

expanded. Every day until Christmas, dozens of holiday gift baskets are available.

You can find us by following Madawaska Boulevard (Clock Tower) until it turns into Elgin

Street. Look for the "antiques" flag between Vancourtland and Ida Street.

It's worth a stop at Antiques, Treasures & Treats.
